The Department conducted an awareness program for nursing staff of Dr D Y Patil hospital for dissemination of correct information about corona virus and various methods of disease control including cough etiquettes The Program was conducted on 11th March 2020 at 6th floor, Audio visual room by Dr Tushar Sahasrabudhe and 70 senior nurses attended this program.

Department of Obstetrics and Gynaecology

The availability of milk bank services 24x7x365 days is a boon to postnatal mothers. Continuous follow-up and counselling by milk bank staff and Lactation Counselors has helped early initiation of breast feeding and avoiding problems of engorgement as well. No single case of breast abscess in postnatal wards of OBGY Department since establishment of milk bank in September 2013.
