Anaesthesiology										
1	Dr. Shahbaz Hasnain	Professor & HOD	Regular	Armed Forces Medical College, Pune	Professor	Jan.15	Jul.16	2021	7	A 45 year old male diagnosed with alcoholic liver disease posted for esophageal varices banding
	MBBS, MD			Cammand Hospital (EC), Kolkata	Professor	Mar.18	Sep.19			Anaesthetic management of full term primigravida with moderate mitral stenosis..
	4981			Dr.D.Y.Patil Medical College, Pune	Professor	15-03-21	till date			3Newer anticoagulants and Anaesthesia (yearbook 10)
										Peng block
										Acute respiratory failure and aspiration pneumonitis - management, prevention and treatment
										Coronary artery anatomy , coronary circulation and cardiac cycle
										Introduction to Intravenous and inhalational anesthetic agents
2	Dr. Suryawanshi C. M.	Professor	Regular	Dr.D.Y.Patil Medical College, Pune	Professor	01-06-09	till date	2016	14	Spinal and epidural anaesthesia
	MBBS, MD	01-06-09								Obstetric anaesthesia
	69085									Renal Physiology & Renal function tests
										Neuro Anaesthesia monitoring
										Neuromuscular junction-Anatomy & physiology and NMJD (neuro-muscular blocking drugs)
										Patient with liver cirrhosis posted for spleno renal shunt
										Diabetes mellitus with keto acidosis for Exploratory Laparotomy
										15yrs male with bronchial asthma for surgery for # humers- Anaesthesia Management
										20 year old male with idiopathic thrombocytopenic purpura posted for splenectomy. Discuss the anesthetic management
										Flow meters,Boyle's bottle,classification of vaporizers
										Blood and blood components
										Classification of breathing systems and magills circuit. Mapleson breathing system A,B, C,D and E
										Muscle relaxants
										Supra glottic airway devices
								2017	20	Respiratory system Pharmacology
										Anatomy of Female genitourinary tract and labour
										Intravenous fluids(Crystalloid,colloid)
										Cerebral anatomy
										Craniosynotosis and anaesthesia implication
										Obstretic anaesthesia
										Neonatal emergencies for anaesthetic management
										Airway and respiratory system
										Anatomy & various method of airway management
										Inhalational anesthetic agents
										COPD for Laparoscopic Cholecystectomy
										Post Burn contracture neck for contracture release
										5 years old child congenital Hernia
										Case of Hypertension with I.H.D. for Non Cardiac Surgery
										Case of Bronchial asthma
										TURP
										Adenotonsillectomy
										ECG and X-ray
										Flow meters, Boyle's bottle, classification of vaporizers
										Volatile A.A.

				Institution	Designation	From	To			
										ACLS Part -1 New drugs in anaesthesia – Dexmedetomidine, Clonidine, Ropivacaine, cistracurium, Remifentanil, sugammadex, Remimazolam
								2021	8	Airway and respiratory system Anatomy & various method of airway management 55years old male patient with COPD posed for laparoscopic appendectomy 2 year old male child for congenital Hernia repair A 18 month old female child with foreign body bronchus for bronchoscopy 40 year old male patient with hyperthyroidism posted for total thyroidectomy 7 Month old female child with hydrocephalus posted for VP shunting. 1 day old male baby for TOF correction 50 year old male patient diagnosed of Ca buccal mucosa (< 1 finger mouth opening) posted for hemimandiblectomy with PMMC flap Anaesthesia considerations in post COVID 19 mucormycosis
3	Dr. Aparna Girwalkar(Bagale)	Professor	Regular	Dr.D.Y.Patil Medical College, Pune	Asso.Prof	01-06-14	31-05-17			1. Inhalational agents
	MBBS, DA, DNB	01-06-17		Dr.D.Y.Patil Medical College, Pune	Professor	01-06-17	till date			2. PBC for Contracture release anaesthetic management
	89747									3. Liver function tests
										4. Breathing Circuits
										5. Labour Analgesia
										6. Myaesthesia Gravis-choice of Relaxants and Anaesthetic management
										7. Neuroaxial techniques-SA & EA including anatomy, techniques, their complication & management.
										8. Local analgesia & drugs, peripheral nerve blocks & various field blocks.
										9. Management of had injury
										10. Patient with peripheral vascular disease with gangrene foot posted for femoro popliteal bypass
										11. Pre-anesthetic evaluation of Patient & Premedication
										12. IV Anesthetic agents
										13. Inhalational anesthetic agents
										14. Intravenous fluids, Monitoring in Anaesthesia
										15. Boyles apparatus & circuits and other equipments
										16. Spinal & Epidural Anesthesia
										17. Local Anesthetic Agents
										18. NM Blocking agents & Reversal
										19. Post operative management in recovery
										20. 10 CPR
										21. Young female patient with thyrotoxicosis posted for thyroidectomy
										22. 12yrs old male child posted for left lower lobectomy - Anaesthesia Management
										23. Anesthetic management of a 25 year old female with post burn contracture of neck posted for contracture release
										24. A 30 year old female with atrial fibrillation on T. Warfarin posted for ORIF with plating for fracture shaft humerus
										25. Mapleson breathing system A,B and C
										26. Blood and blood components
										27. Emergency drugs vasopressors, steroids, calcium, Soda bi carb etc
										28. Supra glottic airway devices
										1. Cardiovascular system Physiology
										2. Endocrine system –Thyroid and pancreas
